The thrill and excitement of high-speed cross-country racing finally comes to the TI-99/4A!

Hyper Racer is the ultimate culmination of years of training to produce the top racing simulation for the TI-99/4A! Check out the screenshots! Nothing comes close!

**Daytime! Nighttime! Even Winter driving!  
Hyper Racer goes where those other games wish  
they brought chains!**

High Tech Modern Cartridge for the TI-99/4A:

-16K of ROM – Twice as much as most cartridge games!!

-Plug and play! Insert the cartridge and START PLAYING! No need to wait for cassette tape loads!!

-Three channel audio adds to the realism of the experience – actually HEAR the other cars going by!

**CAN YOU DARE THE CHALLENGE OF  
THE HYPER-RACE???**

Note: Hyper Race works only on TI-99/4A consoles without the version 2.2 title page. It will not work on the 99/4 due to its advanced power.
